

Ann Duffy – International Advisor and Public Speaker

Ann is an international advisor and public speaker with a proven track record for industry-recognised sustainability strategies and outcomes reflecting strong engagement, governance, and innovation. With extensive knowledge and international network in sustainable development, climate action and social innovation built through more than 30+ years of work in major Olympic and World Cup sport events, multi-party planning and program delivery. Ann has significant expertise in global norms and standards including the UN SDGs and related norms and conventions, ISO2021 and the GRI. Proven experience in assisting event organizers, bids and host cities to develop and deliver leading and engaging sustainability and legacy strategies, management systems and integrated programs with linked partner activation and communications strategies.
